Auto Save - Guardar Automaticamente

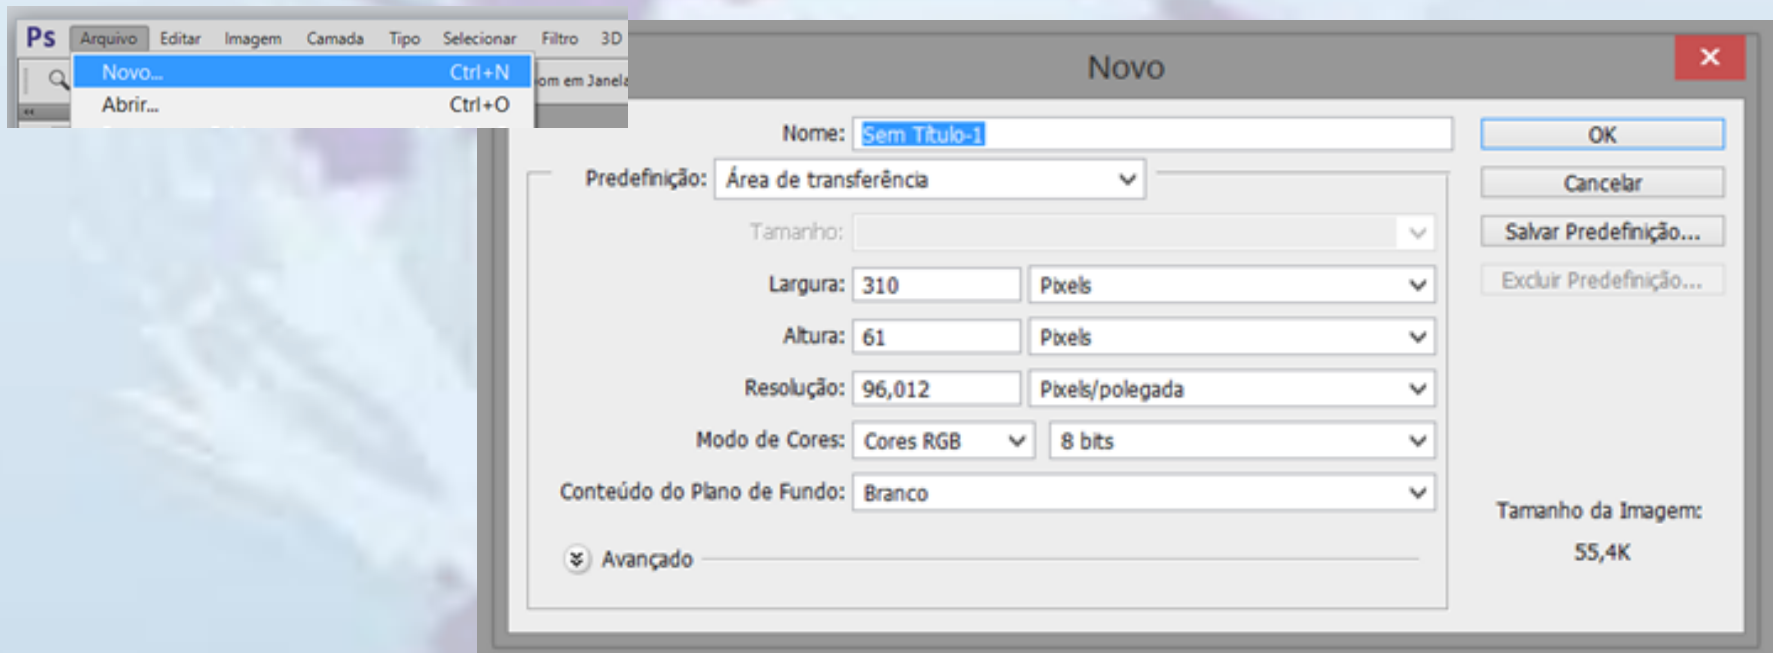

The image shows the Adobe Photoshop CS6 interface. The 'Editor' menu is open, and the 'Preferências' (Preferences) dialog box is displayed. The 'Controle de Arquivo' (File Handling) section is selected, and the 'Salvar automaticamente as informações de recuperação a cada:' (Save recovery information automatically every:) dropdown is set to '10 minutos' (10 minutes). A red arrow points from the text 'Actualizar o temporizador' to the dropdown menu.
